

Slave

At school, at work,
Outside with friends,
Creatures of this human race,
Egoistic, when any day ends,
They want to be all,
Gods of pretends

All day homework,
Never drugs, nor alcohol,
All day working,
Never dare to show my soul,
All day loving
Him, of course,
Never prefer doing
Something alone, or worse,
With other people

All day party,
Drinks and smoking, other drugs,
Never boring,
Learning, showing feelings
In my looks.

What is life
When you just get told
What to do?
Who is you?
Slave of commitments
You incurred yourself
