

Traum (English Version)

One year is over, so much has happened,
if we look into the past,
if we are in the past
look,
and send our thoughts back,
what we see then, these are our memories,
where you probably already found so much,
one teaches from past mistakes,
understanding becomes easier, like a feather,
and all that remains in our hearts,
sometimes you feel that pain,
but it's worth believing in his dreams,
even if they take your time,
it's worth it, even if you think
that it does not work,
there are moments when one overstrains one's happiness,
only he who dares is the one who succeeds in the end.
I put everything at risk,
do not let me look in the cards,
his happiness can not be found anywhere,
it's useless to trust others,
I know what I'm talking about,
just have to give everything
that will carry you on in life,
you feel your heart quiver,
because you fulfilled your dream,
this is the big burden,
like a stone into the water, to the bottom,
that reason was why you went that way,
and not by strings,
now the time has come, the work is done,
rejoice that you have made it so far.
I put everything at risk,
do not let me look in the cards,
his happiness can not be found anywhere,
it's useless to trust others,
hold your luck in your own hands,
you have to listen to his heart,
and only who has understood
that will belong to the dream.
It is finished,
your way, end in the field.
