

## **She's good**

She was always the one with a big heart  
Trusted everyone, Loved everyone  
But her dreams have always been short  
kind of gone, kind of wrong

But as she finally met the person  
The person of Inspiration  
She needed an information

She's never had a bad thing  
She's never had a bad mind  
She's always been the one of trust  
But never been the one of Love  
She always wanted to sing  
She always wanted to cry  
She never had a dark kind of dust  
But never been the one of Love

She saw the person walking into her life  
couldn't stop, couldn't give up  
He came to her and she felt not brave  
wanted to top, failed to stop

She's never had a bad thing  
She's never had a bad mind  
She's always been the one of trust  
But never been the one of Love  
She always wanted to sing  
She always wanted to cry  
She never had a dark kind of dust  
But never been the one of Love

He gotta hold her tight  
He gotta protect her right  
He has to love her strong  
He has to be the one

She's never had a bad thing  
She's never had a bad mind  
She's always been the one of trust  
But never been the one of Love  
She always wanted to sing  
She always wanted to cry

She never had a dark kind of dust  
But never been the one of Love  
Never been the one of Love...
