

Musicians wealth

If you sing with your heart
it sounds like screaming.
Why it's so hard?
Do you forgot the meaning?

If you Play with your Soul
it sounds so cruel.
An elephant jumps over the keys.
That's not what I means!

If you touch your Lover,
you'll do it soft.
That's what I hope for,
if your heart wasn't lost.

When I said "heart", don't think "hammer".
It's better to imagine a slightly feather!

Feel your heart
but control yourself.
That's the part
of musicians wealth.
