Ghost (Prod. By FTH & Khronos Beats) (Hörprobe)

[Hook:]
I am a ghost

On the low light streets

I am a ghost

My flow like G's
I am a ghost
Don't smokin' trees
I am a ghost
I show my peace
I am a ghost

On the low light streets
I am a ghost
My flow like G's
I am a ghost
Don't smokin' trees
I am a ghost
I show my peace

They think, they are cool, because they smoking trees This shit is real, my voice with beat My life, my way from a little boy to me And the words, that I say, are honestly For our friendship it is to late, go to sleep The important thing in life, don't to cheat To many people say everyday "Fuck the Cops" But they show only courage with glocks A never ending fight, me against the world Sometime ending life, a lot of i have to learn I'm a real fighter, in the fake buis My life between luzifer and angels And not everyone, can hang with us The life on earth, are dangerous And I do, what I want to do I work hard and I hustle to
